

Could you please tell us now in your own words, how you have found Little Scholars as a Pre-School? How were the teachers who looked after your child / children? Was the contact with the Manager a nice experience? And would you recommend Little Scholars to other people who you may or may not know?

I found out about your Pre-school from my neighbour. She mentioned her son attended it and they were very satisfied. At the beginning we had some doubts considering Mateus' age and his English speaking skills, because at home we only speak our native language, however we decided it will be good for our son to spend some time in this multicultural environment in which he can speak English with other children and make new friends. Now we are satisfied with the decision we made. The school is located close to our home, our son improved his English language. We have collected quite a big amount of drawings which were drawn by our son in the school, furthermore he has learned to sing. They even celebrated various celebrations all over the year. Every morning when our son wakes up he's delighted to go to the school which means that he likes to spend his time there and for that we would like to say a thousand thanks to the teachers being sincere and understanding all those years as well as for teaching our son this much!

Signed

Rita Bagdoniene
