

Could you please tell us now in your own words, how you have found Little Scholars as a Pre-School? How were the teachers who looked after your child / children? Was the contact with the Manager a nice experience? And would you recommend Little Scholars to other people who you may or may not know?

Little Scholars has been a fantastic experience for my daughter Lucie. When she started in September she wasn't good at sharing or mixing with other children her own age as she had been alone with me most days but very soon was enjoying being with the other children and now shares everything with any children both in school and anywhere I take her. She has great knowledge of numbers letters & colours after her time at Little Scholars. The teachers are very friendly & fantastic with the children. Lucie loves seeing them each morning and has already told me she will miss them terribly when she leaves to start big school this year. I find all staff very friendly & caring and show such a huge interest in every individual child. It's a very bright happy place for children. I would highly recommend Little Scholars pre school and staff to all families who have a child who is due to start pre school. I struggled with sending my daughter to preschool as she is the last of six children I have to go and it was difficult sending her as I wanted to keep her at home with me, but sending her to Little Scholars was the best choice I could have made as it made her a very happy & content little girl. She made lots of new friends and she is fully ready to start school in September this year.

Thank you Little Scholars.

Sharon Perry
